Welcome

Gonville & Caius is one of the oldest University of Cambridge colleges. Originally named Gonville Hall, the College was founded by Edmund Gonville, Rector of Terrington in 1348. The College was re-founded in 1557 by former student and Fellow, Dr John Caius who, as part of his reconstruction, erected three gates, which survive to the present day.

New students entered the College through the Gate of Humility, while studying in the College they would pass through the Gate of Virtue every day, and finally when they leave to receive their degrees, students depart through the Gate of Honour.

Approximately a ten minute walk from Old Courts is the West Road site comprising of Harvey Court and the Stephen Hawking Building. Harvey Court was completed in 1962. It was designed by Professor Sir Leslie Martin, the Cambridge Professor of Architecture, and has won many prizes. It represents the then contemporary style, where materials of construction are fully exposed. The building was refurbished in 2011 to provide 100 rooms with ensuite facilities.
